**Bubbie's Baby**

music and lyrics by Elaine Serling (ASCAP)

verse 1

The world hasn't changed,  
I got the sun and moon  
Snow in the winter,  
Flowers in June

But something's different,  
Special and new  
Baby Alexis,  
It's you

verse 2

Your world is sweet,  
Sights and sounds  
When you awake,  
you look all around

You giggle and wiggle,  
Cuddle and coo  
Baby Alexis,  
I love you

chorus

You're Bubbie's baby, in my arms  
Zaydie's baby, so full of charms  
Eyes open wide, just for a while  
And then you give me your smile

verse 3

From morning till night,  
Day after day  
Many surprises,  
Coming your way

People and places,  
Just having fun  
Making new friends,  
One by one

verse 4

Yes, life's full of joy,  
And as you grow  
So much to learn,  
And so much to know

Keep a smile in your heart,  
Love will be true  
Baby Alexis,  
For you

chorus

You're Bubbie's baby, in my arms  
Zaydie's baby, so full of charms  
I knew it would happen, right from the start  
You would capture my heart...

bridge

Though you are tiny, you're a part of a plan  
Much bigger, much greater, than you understand  
The light in your eyes, the hope in your face  
Will soon make this world a more beautiful place

chorus

Your Bubbie's baby, in my arms  
Your Zaydie's baby, so full of charms  
Eyes open wide, just for a while  
And then you give me your smile

Bubbie's baby, in my arms  
Zaydie's baby, so full of charms  
I knew it would happen, right from the start  
You would capture my heart...
