

From "Join The Circle"

CARRY ON

music and lyrics by Elaine Serling (ASCAP)

Like the people before us
We honor years gone by
With spirit in our hearts
We raise our voices high.....

chorus

we've got to carry on, carry on
It's our turn today
We've got to carry on, carry on
Tradition is the way

verse

We are the link, to long ago
We are the link, and we want you to know
We'll study the past, tales and truths
We are the future, the Jewish youth

chorus

We've got to carry on, carry on
It's our turn today
We've got to carry on, carry on
We will lead the way

verse

We'll do our part, join the old and new
Do our part, add our point of view
We'll celebrate, come what may
we are proud of the Jewish way

bridge

Like the people before us, we honor years gone by
With spirit in our hearts, we raise our voices high

We gotta carry on, carry on, it's our turn today
We gotta carry on, (carry , carry on) take a chance today
We gotta carry on, (carry, carry on)carry on-you can do it, come what may
We gotta carry on(carry, carry on) we will lead the way

verse

We are the link, to long ago
We are the link, and we want you to know
We'll study the past, tales and truths
We are the future, the Jewish youth

chorus

We gotta carry on, carry on-it's our turn today
We gotta carry on, carry on-tradition is the way
We gotta carry on(Me) carry on (You)-it's your turn today
(join the old and the new)
We gotta carry on, carry on-it's our turn today(come on my friend,
you'll see its true)

We gotta carry on, carry on-we will lead the way (we gotta carry on)
We gotta carry on, carry on (join the old and the new, the you and the me)
Tradition leads the way (you can do it)
We gotta carry on, carry on-it's our turn today,(you and me, we are the link

We are the link and tradition is the way)
We gotta carry on, carry on-tradition is the way
