**Grandma and Grandpa's Darlings**

music and lyrics by Elaine Serling (ASCAP)

verse

The world hasn't changed  
Here's the sun and moon  
Snow in the winter  
And flowers in June

But something's different  
It's special and new  
My Little Darlin',  
It's YOU

Your world is sweet  
With sights and sounds  
When you awake  
You look all around

You giggle and wiggle  
Cuddle and coo  
My Little Darlin'  
I love you

chorus

You're Grandma's Darlin' in my arms'  
Grandpa's Darlin' so full of charm  
Your eyes open wide, just for a while  
And then you give me your smile

verse

From morning till night  
Day after day  
Many surprises  
Are comin' your way

People and places  
Just havin' fun  
And making new friends  
One by one

Yes, life's full of joy  
And, as you grow,  
There's so much to learn  
and so much to know

Keep a smile in your heart  
And, love will be true  
My Little Darlin'  
For you!

chorus

You're Grandma's Darlin' in my arms'  
Grandpa's Darlin' so full of charm  
Your eyes open wide, just for a while  
And then you give me your smile

verse

Though you are tiny, you're part of a plan  
Much bigger, much greater  
Than you'll understand

The light in your eyes, and the hope in your face  
Will soon make this world, a more beautiful place.

chorus

You're Grandma's Darlin' in my arms'  
Grandpa's Darlin' so full of charm  
Your eyes open wide, just for a while  
And then you give me your smile

Grandma's Darlin' in my arms'  
Grandpa's Darlin' so full of charm  
Your eyes open wide, just for a while  
And then you give me your smile

verse

Here's your surprise It's waiting for you  
Bunches of flowers bright red and blue  
And, you're like a flower, I want you to know  
Becoming more special as you grow.

chorus

You're Grandma's Darlin' in my arms'  
Grandpa's Darlin' so full of charm  
Your eyes open wide, just for a while  
And then you give me your smile
