**FREE, FREE**

music and lyrics by Elaine Serling (ASCAP)

chorus:

Free, Free, our people must be free  
We won't live in Egypt (here) for eternity  
We are a nation, proud and strong  
Not slaves, Pharoah, your way is wrong

verse

Said Moses to his people, gather up your goods  
Our journey home will now begin  
Pharah said "No", we cannot leave  
But follow me this battle we will win

So Moses led the people quickly out of the land  
The soldiers followed fast to the sea  
Pharoah was angry not believing his eyes  
As he watched the Jewish nation flee

chorus

Free, Free, our people must be free  
We won't live in Egypt (here) for eternity  
We are a nation, proud and strong  
Not slaves, Pharoah, your way is wrong

verse

They walked through the desert, to the promise land  
Leaving all their tears behind  
Looking to the future with strength and hope  
For every generation to find

Today we are scattered all over the world  
Holding freedom as our quest  
Celebrate this season and remember the plight  
Of Jews from the East and from the West

chorus

Free, Free, our people must be free  
We won't live in Egypt (here) for eternity  
We are a nation, proud and strong  
Not slaves, Pharoah, our way is free.....
