IF I TRY

music and lyrics by Elaine Serling (ASCAP)

verse

Dreams are made by dreamers,
And don't we know a few
Who plan and scheme and wonder
How to make their dreams come true

chorus

I want to climb the tallest mountain, that I can see
Swim the longest river, rest beneath the trees
Sleep in a desert, so beautiful and still
If I try, if I try, I know I know I will.

verse

One day I saw a bird, flying over me
And yes, how I wish, I could be as free
With the wind by my side, I'd float through the sky
And the sun would warm me, as I fly by

chorus

I want to climb the tallest mountain, that I can see
Swim the longest river, rest beneath the trees
Sleep in a desert, so beautiful so still
If I try, if I try, I know I know I will

verse

Dreams are made by dreamers
Don't we know a few
Who plan and scheme and wonder
How to make their dreams come true, come true

chorus

I want to climb the tallest mountain, that I can see
Swim the longest river, and rest beneath the trees
Sleep in a desert, so beautiful so still
If I try, if I try, if I try.....

I will...Just gotta try... Yes I will
Gonna climb that mountain
Swim that sea, yes....
