KIBBUTZ LIFE

music and lyrics by Elaine Serling (ASCAP)

verse

Early, early morning, time to rise
Watch the sun, greet the skies
Hush, so still, not a word is heard
Whistling of the wind (whistling) and songs of a bird

Follow, follow, follow, round the bend
Fields stretch long, end to end
Trees are ripe, ready to be picked
Hurry up my friend, let's work quick

chorus

Think of my youth, remember and smile
Kibbutz life has been my style
Far from the city, close to the land
Working with my friends, hand in hand
Far from the city, close to the land
Working with my friends, hand in hand

verse

after work has ended, breezes fill the air
Its a time for family to share
Plan and dream, talk and laugh
Helping one another, shaping life's path

Some will travel far, far from their home
Searching for the peace, I've already known
Helped to build a nation, helped to build it strong
Kibbutz life is where I belong

chorus

ending-

Hand in hand, I found my peace
Hand in hand, I found my home
Hand in hand,.....
