

From "Sing & Celebrate"

IN MY SUKKA

music and lyrics by Elaine Serling (ASCAP)

chorus

Let's share the holiday together
Sukkot holiday, right here
Let's share the holiday together
in the Sukka that I built this year

verse

I had a little help, to build the Sukka right
So you can see the stars in the sky at night
Come inside find yourself a seat
Soon we'll say the blessing and begin to eat

chorus

verse

The etrog for your left hand, and lulav for the right
With all the cheerful pictures, such a lovely sight
Follow me, march with hands held high
A festival remembering days gone by

chorus
