LIGHT THE LIGHTS

music and lyrics by Elaine Serling (ASCAP)

LIGHT THE LIGHTS! The Festival of Lights!

verse

A long time ago it all began
The Temple was attacked in an ancient land
They would not stop, Judah made a plan
To hold steadfast to the very last stand

chorus

So LIGHT THE LIGHTS, the very first night
To remember those in the fateful fight
The Macabees were brave and strong
The oil they found burned eight days long

verse

In every home where these candles burn
It's a time for us to listen and learn
That the Jewish faith is very old
And again this year the story's told

chorus

So LIGHT THE LIGHTS the very first night
To remember those in the fateful fight
The Macabees were brave and strong
The oil they found burned eight days long

verse

Today we gather one and all
To honor the joy of freedom's call
Sing it loud and sing it clear
The Festival of Lights is here

chorus

So LIGHT THE LIGHTS, the very first night
To remember those in the fateful fight
The Macabees were brave and strong
The oil they found burned eight days long (x2)

verse

Now with the candles burning bright
(Now with the candles burning bright)
Together we can share this special night
Singing and dancing again this year
(Singing and dancing again this year)
The Festival of Lights is here!
LIGHT THE LIGHTS!
