I PROMISE

music and lyrics by Elaine Serling

verse:

Child, you are young
And life can be
Full of fun and fantasy
It depends on how you live each day

You must take your dreams with you
Never leave them behind
And I Promise, oh yes, I Promise
The world is there for you, to find
Waiting there for you, to find

verse:

When I was young
More carefree
I sang my songs, joyfully
And to you they were lullabies

As you build your own tomorrows
Keep the past in mind
And I Promise, oh yes, I Promise,
Life is there for you, to find
Waiting there for you . . .

bridge:

So many sunsets and secrets to be found
Time is on your side
Don't change it, don't change it around

verse:

If I am far, far away
Loving you as I do today
Know our hearts will always sing in
tune

May you hope and search for goodness
And return the deeds in kind

And I Promise, oh yes, I Promise
Love is there . . .

May you hope and search for goodness
And return the deeds in kind
And I Promise, dear child, I Promise

From the Heart
